Hi David,

I have removed the w/o's from the shop floor and was going to mark them up to stop at a certain point. Nigel and I are guessing after paint (no ass'y), but I'm worried that this will change. Can you confirm we can paint and stop there...i just have a funny feeling.

Subject: FW: Received Approval for 350 PMA Replacement Skidtubes

David - good news.

Nigel - Another step forward in the process. Please work with Peggy to establish inventory quantities to be held in Eugene. As discussed earlier, please launch the appropriate number to work orders to be prepared for demand. Do not complete them 100% as we still are awaiting specific guidance from David as to what work will need to be carried out in Eugene to make us compliant.

Thanks,

Bill
